

## HALLAM PARK REDEVELOPMENT PROJECT

May 7, 2020

Dear Property Owner,

This letter is being sent to residents surrounding Hallam Park to provide information regarding the upcoming construction project at Hallam Park.

The City of Mahtomedi will be undertaking tree removals at the park site the first part of May. The trees that are being removed are either in poor condition and are now safety hazards, are an undesirable plant species or are in areas proposed for improvements. New landscaping will be installed as part of the construction project.

In early to mid-June, the primary construction efforts at the park will begin. Construction hours begin at 7:00 am and end at 7:00 pm and include removal of the existing site features and replacement of new trails, basketball half court and playground. We request your patience during the time of construction as there will be varying times of noise generation, construction traffic and periodic times of limited access along Hallam Ave N. It will be the project team's goal to minimize impacts during construction activities and as with all construction projects, patience and communication are the greatest assets to completing a successful project.

Project updates will be posted on the City of Mahtomedi website, at [www.ci.mahtomedi.mn.us](http://www.ci.mahtomedi.mn.us)

Thank you for your continued patience as we work to improve Hallam Park for your future enjoyment and if you have questions, you can reach out to Candace Amberg at the contact information below.

Sincerely,

Candace Amberg, PLA  
Project Manager
